

## Unemployment Cost Savings Solution for Nonprofit Organizations

The unemployment process can be complicated and difficult for employers to navigate. This is especially true for nonprofit employers, where one person is often designated to be an expert on a variety of topics. Let us take the worry away from you and your organization through our cost effective unemployment solution that will save you time and money.

### Tax Rates

Our own specialized rating system allows us to provide nonprofit organizations with lower unemployment tax rates versus the state of Michigan. All qualifying new members receive a 25% discount off their current rate with the state.

### Claims Processing

Our software system allows us to quickly notify you when a claim for unemployment benefits has been filed, so we can gather separation information and respond to the state. This will save your organization valuable time through our streamlined process to manage your claims for unemployment benefits.

### Expertise

Unlike other groups who attempt to keep up with unemployment in every state, we are the experts in Michigan as that is the only state we serve and where we are based. For over two decades our annual win percentage has been 90% or greater for claims that we're able to protest. Most recently we have exceeded 95%.

### 24/7 Reporting

Our reporting system provides your organization with 24/7 access to the number of claims filed, protested, benefits collected and win percentages. You'll never have to guess again on the status of a claim or the outcome.

### No Fees or Costs

There are no membership fees or additional costs to your organization to join our group. Every dollar of your quarterly payment goes into your own account to pay current or future claims for unemployment benefits. In addition, our members are not required to provide a surety bond or a letter of credit to the Unemployment Insurance Agency (UIA).

### Qualifications

Your agency must be a Michigan based 501(c)(3) nonprofit organization, in addition to having a minimum of one paid employee and being registered with the UIA for at least one year.

### Contact Us

If you would like to learn more about our unemployment solution for nonprofit employers, please contact Bill Gesaman at 800-968-9675, ext. 2950 or at [bill.gesaman@equifax.com](mailto:bill.gesaman@equifax.com)
